The screenshot displays a software interface for managing student attendance and results. The interface includes a sidebar with navigation options like Student, Fee, Expense Management, Attendance, Examination, School Diary, HRM, Users, Library, FrontDesk, Communication, and Transport. The main area shows a table of students with columns for ID, Name, Roll Number, Working Days, Present Days, Result, and Remark. A 'DECLARED TOGGLE' column is present, with toggle switches for each student. An arrow points to the toggle switch for the first student (NAYAN). At the bottom right, there are buttons for 'Calculate Attendance' and 'Save All', with an arrow pointing to the 'Save All' button.
